

HOW TO TRANSFER DIGITAL FILES

Key Dental Aesthetics accepts intraoral scans from clinicians using digital scanning systems that have the ability to utilize the open STL format for restorations. By eliminating inbound shipping and the need to create and digitize a model, you shorten turnaround time while saving money and resources. We offer a 5-day in-lab turnaround for all ZirLifeUSA™, ZirLife™Aesthetic and e.max® CAD model-less cases. Listed are instructions to add Key Dental Aesthetics as your preferred laboratory to send us a case.
